The making of a yearbook takes loads of time, work,
and cooperation. Thanks to my staff for all of this—through
the frenzy of lost pictures, tight deadlines, last minute lack
of ideas, and stringy glue.

Thanks to our advisors, to Keller, and to Jonas for
their help and patience.

Sometimes it's been fun, and sometimes it's just been
hard work, but it's always been exciting. We thought we'd
never reach the end, but we have and now we're a little sorry.

Anyway, I think we've done our best and the book
is yours now. We hope you like it.

*F*OR THE FINEST IN YEARBOOKS...

HAVE YOU NOTICED how many colleges and universities are turning to Keller's for their yearbooks? Keller's refinement of the lithography method of printing, VELVATONE, means more pictures, better layout design and needle-sharp fidelity in picture reproduction. Famous, too, are Keller's service organization and creative team. A service representative will gladly call to discuss your yearbook plans.
